

My Money

Smart Investing For Everyone.

Smart Investing. Understanding Risks. Managing Your Money.

Are you looking to buy a property for investment? How do you compare property investments with investing in REITs and shares in property companies? How else can you realise your investment objectives and meet your financial needs, like planning for your children's tertiary education or your retirement? How do you compare an Endowment Policy, Unit Trust or an Investment-Linked Policy (ILP)? How do you decide which is more suitable?

Attend the next My Money Seminar to find the answers and more. Industry practitioners from The Association of Banks in Singapore (ABS) will advise you on what you should know about investing in properties, REITs, shares in property companies, Unit Trusts, ILPs and Endowment Policies. They will share their insights on the features and risks of investing in these financial instruments.

Associate Professor Jeremy Goh from the Singapore Management University's Sim Kee Boon Institute will share his knowledge on the role of real estate as an asset class in portfolio management. Mr Christopher Tan from the Securities Investors Association of Singapore (SIAS) will guide you through the questions you should ask before investing.
