

Smart Investing For Everyone.

Smart Investing. Understanding Risks. Managing Your Money.

With inflation looming in Asia and continuing to erode real income, where should you put your hard earned money? Are fixed income products a safe bet? What are the risks? How do you allocate your assets when inflation is high?

Attend the next My Money Seminar to learn about investing in Bonds, Singapore Government Securities (SGS) and Preference Shares. What are their differences in terms of risks and returns? Are these products suitable for you?

Industry experts from The Association of Banks in Singapore and MoneySENSE will share their insights on the features and risks of these products. Mr Christopher Tan from Securities Investors Association of Singapore (SIAS) will guide you on the questions you should ask before investing in these products. Associate Professor Jeremy Goh from the Singapore Management University's Sim Kee Boon Institute will share his knowledge on how to do asset allocation in portfolio management.

***Be empowered to make informed investment decisions!
Attend 'My Money' series of seminars; it's the best investment
you'll ever make for yourself! Register now to avoid disappointment.
