#### Chairman's Statement

**Wee Cho Yaw** *Chairman & Chief Executive Officer* 

"Leveraging on our strengths in SME lending and consumer banking in Singapore, I am confident that we will be able to grow these two businesses in the region."

#### Overview of 2005

2005 was a year of "有惊无险" (many fears but no major catastrophe). There were fears of an avian flu pandemic and rising oil prices derailing the world economy. Bombings in London and Bali were grim reminders of the threats posed by terrorists around the world. Despite all these, however, the world economy moved at a steady course. In Asia, China reported a sterling growth of 9.9%, while Singapore registered GDP growth of 6.4%, exceeding the government's earlier forecast of 3% to 5%.

In line with our focus on the Asian region, the UOB Group further extended its operations in the area in 2005. Our 23% equity interest in PT Bank Buana Indonesia (Bank Buana) was raised to 61.1% in December. A listed bank with 190 branches in Indonesia, Bank Buana will work closely with our 99%-owned PT Bank UOB Indonesia (UOB Indonesia).

In Thailand, the year was spent on merging and integrating the operations of our two banking subsidiaries, the former Bank of Asia and UOB Radanasin Bank. Thanks to the hard work and dedication of our Thai colleagues and their Singapore counterparts, legal merger and operational integration were successfully completed on 28 November 2005. The merged bank, United Overseas Bank (Thai) Public Company Limited [UOB (Thai)] had total assets of \$8.2 billion and 154 branches at end December 2005.

In the Philippines, we have converted our banking subsidiary to a thrift bank (with wholesale banking and fee-based business) following the sale of the branches of United Overseas Bank Philippines (UOB Philippines) to Banco de Oro Universal Bank Group.

In December, the Bank's wholly-owned subsidiary, UOB Cayman I Limited issued US\$500 million non-cumulative non-convertible guaranteed preference shares. The issue qualified as Tier 1 capital for the Bank, strengthening the Bank's capital base and helping it to manage its capital structure more efficiently. The issue was oversubscribed, attesting to investor confidence in the long-term future of the Bank and the Group.

As a consequence of all these corporate developments, the Group's assets grew by 7.6% in 2005, from \$134.9 billion to \$145.1 billion. Our overseas network has grown to 502 branches and offices covering 18 countries and territories.

#### **Profit & Dividend**

In 2005, the Group's after tax profit grew by 17.7% to a record high of \$1.7 billion (2004: \$1.5 billion). Our return on shareholders' equity improved from 10.8% to 12.4%.

The new high in profit was attributable to higher income of \$3.8 billion (2004: \$3.3 billion) and lower impairment charges (excluding intangible assets) of \$173.5 million (2004: \$208.7 million).

The Group's shareholders' equity rose by 11.1% to \$14.9 billion (2004: \$13.4 billion). Non-bank loans as at end-2005 stood at \$67.1 billion, representing an increase of 4.4% over 2004's \$64.3 billion. Non-bank deposits increased by 8.2% to \$85.5 billion (2004: \$79.0 billion). Non-Performing Loans were managed down by 28.3% to \$3.9 billion (2004: \$5.5 billion). Expense to income ratio increased slightly from 37.6% to 37.9% during the year, while total staff strength rose from 13,574 to 18,816, due mainly to the inclusion of Bank Buana.

Our overseas operations (including Bank Buana) achieved a 12.6% improvement in pretax profit, from \$451 million in 2004 to \$508 million in 2005. Their contribution to the Group's total pretax profit rose from 21.2% to 22.4%.

United Overseas Bank (Malaysia) Group achieved higher net interest and fee income, but this was offset by a three-fold increase in impairment charges (excluding intangible assets). As a consequence, after tax profit dropped from \$162.2 million to \$157.1 million. Profit before impairment charges (excluding intangible assets) amounted to \$282.8 million, representing an increase of 24.4% over 2004's \$227.3 million.

In Thailand, the merged UOB (Thai) achieved a 29.4% increase in net profit, from \$38.7 million to \$50.1 million in 2005. Our two Indonesian subsidiaries, UOB Indonesia and Bank Buana reported a combined profit of \$73.8 million compared with \$8.5 million achieved by the former in 2004. UOB Philippines, whose branch network was sold off in December, recorded a loss of \$22.1 million (2004: \$21.2 million).

Among our Singapore subsidiaries, Far Eastern Bank Group doubled its after tax profit to \$12.8 million (2004: \$6.2 million) mainly because of higher net interest income. United Overseas Insurance also had a sterling performance, with after tax profit of \$20.7 million (2004: \$12.1 million).

The Board proposes the transfer of \$300 million to reserves. It also recommends a final dividend of 40 cents per share less 20% income tax. Together with the interim dividend of 20 cents and the special dividend in specie of United Overseas Land Limited (UOL) shares of 28.5 cents, the total dividend for 2005 would amount to 88.5 cents per share.

#### **Corporate Developments**

The Monetary Authority of Singapore has given local banks up to July 2006 to reduce their shareholdings in non-core businesses to not more than 10%.

As part of its divestment programme for its holdings in UOL, in April the Bank issued \$276.25 million exchangeable bonds due January 2006, and in July the Bank completed the distribution in specie of about 20% of the issued share capital of UOL to our shareholders. The exchangeable bonds were exchanged into around 15% of the issued share capital of UOL in December 2005 and January 2006.

The Board is studying various options to divest its holdings in Overseas Union Enterprise and Hotel Negara in the best interest of our shareholders.

#### Chairman's Statement

#### **2006 Prospects**

Notwithstanding concerns about rising oil prices, the bird flu pandemic and more terrorist attacks, the business community is upbeat about the world economy in general and Singapore's growth in particular. Official estimate for Singapore is 4% to 6% GDP growth in 2006, but we believe that it is likely to come in at the stronger end of the range.

In 2005, Singapore's external trade hit a record high of \$716 billion. With the US economy expected to sustain its GDP growth, and widespread agreement that China, India and Japan will be the growth engines of Asia, this momentum should be maintained. Other positive indicators include the fall of unemployment rate to 2.5% and the upward trend of the property market.

At the same time, however, competition in the banking sector will continue to squeeze margins. We intend to retain market share, especially in the SME and consumer markets by improving our service standards and introducing innovative products to facilitate the business of our customers.

The ASEAN countries are also forecasting steady growth this year. I am optimistic, therefore, that our banking subsidiaries in Malaysia, Thailand and Indonesia should be able to improve on their performance. Leveraging on our strengths in SME lending and consumer banking in Singapore, I am confident that we will be able to grow these two businesses in the region.

Recognising that every business carries attendant risks, the Group will continue to bolster its risk management and compliance functions. Singapore's high standard of corporate governance will be extended to our regional banking subsidiaries and overseas operations.

The Bank targets to adopt the Basel II – Foundation Internal Rating Based (FIRB) Approach for Credit Risk and the Standardised Approach for Operational Risk by 2008.

Over the past year, we have made significant progress in this framework and are already in the advanced stage of system implementation. The Bank has started its internal validation process on its systems, models and processes, and is targeting to engage the Monetary Authority of Singapore for supervisory validation in the second half of 2006.

# **Acknowledgements**

I thank the Board Directors for their wise counsel during the past year. In particular, I would like to record my deep appreciation to Mrs Margaret Lien Wen Hsien who resigned from the Board in April 2005.

On behalf of the Board, I would also like to thank Mr Ernest Wong Yuen Weng for his contributions as a Director from 1990. Mr Wong resigned from the Board in December 2005 to avoid any possible conflict of interest that might arise in his new career.

I extend a very warm welcome to Mr Michael Lien Jown Leam, grandson of the late Dr George Lien Ying Chow, who joined the Board last May.

My appreciation also goes to management and staff members of the Group who, in their individual ways, have contributed towards the success of the Group in 2005.

#### Changes in accounting policies

The accounting policies applied by the Group are consistent with those used in the previous financial year except for changes arising from the adoption of the following new and revised FRS with effect from 1 January 2005:

# **Capital Adequacy Ratios**

As at 31 December 2005

The Group's capital management policy is to maintain a strong capital position to support its growth, both organically and through acquisitions.

As at 31 December 2005, the Group's total Capital Adequacy Ratio ("CAR") of 16.1% was 6.1% points above the minimum of 10% set by Monetary Authority of Singapore ("MAS"). It was 0.5% point higher than the total CAR of 15.6% as at 31 December 2004, mainly attributed to profit for the financial year and the issuance of the US\$500 million SPV-A preference shares which qualifies for tier 1 capital, partly offset by higher risk-weighted assets as a result of the consolidation of PT Bank Buana Indonesia Tbk. and increase in placements with banks and financial derivatives.

The Group's tier 1 CAR of 11.0% as at 31 December 2005 was the same as that as at 31 December 2004, and 4.0% points higher than the minimum of 7% set by MAS.
