

My Money

Smart Investing For Everyone.

Smart Investing. Understanding Risks. Managing Your Money.

Do you have young children or aged parents who depend on you financially for their well being? How will they be provided for if you are no longer around or no longer able to work? How do your insurance needs change at each life stage? What are the different insurance products available? What are their features and risks?

Attend the next My Money Seminar to find the answers and more. Industry experts from The Association of Banks in Singapore and MoneySENSE will advise you on what you should know about insurance planning. They will explore the confusion consumers sometimes face between buying insurance to meet protection needs and buying insurance products for investment purposes.

Associate Professor Jeremy Goh from the Singapore Management University's Sim Kee Boon Institute will share his knowledge on the role of insurance planning in portfolio management. Mr Vincent Tey from the Securities Investors Association of Singapore (SIAS) will guide you through the questions you should ask before you take up an insurance product.

***Be empowered to make informed investment decisions!
Come attend the 'My Money' series of seminars; it's the best investment
you'll ever make for yourself! Register now to avoid disappointment.
Call us at 6227 2683 or email admin@sias.org.sg***
