

ZONE DESCRIPTION

Zone 2

Accessible to Zone 1 ticketholders only

An outstanding landmark in Zone 2 is the Helix Bridge, the world's first 'double-helix' structure. This longest pedestrian link way in Singapore connects the circuit to the Marina Bay Sands Integrated Resort and offers stunning views of the Singapore skyline and the waterfront. Only Zone 1 ticketholders can access Gate 10 located at the Helix Bridge. Bleachers are positioned at strategic trackside locations within Zone 2 to provide Premier Walkabout ticketholders with unparalleled views of the race at the final corners and Pit Lane entrance.
